Marco Greco, IBD patient, is Chairman of the patient organisation European Federation of Crohn's and Ulcerative Colitis Associations (EFCCA) since 2008. EFCCA comprises twenty seven national member associations and is based in Brussels, for a total of over 103,000 patients.

In 2010, EFCCA launched the European IMPACT survey which aimed to discover the real-life effects of IBD on patients' quality of life, as well as the social, educational, employment and holistic aspects of IBD. In his "everyday life" he is a lawyer and author of several articles in some prestigious peer-reviewed law journals.
