

How can patients play a crucial role in medicines-related decision-making?

An open dialogue with stakeholders and the presentation of the EFCCA HTA (Health Technology Assessment) Guidebook

EFCCA Conference

Vienna, 12 October 2024

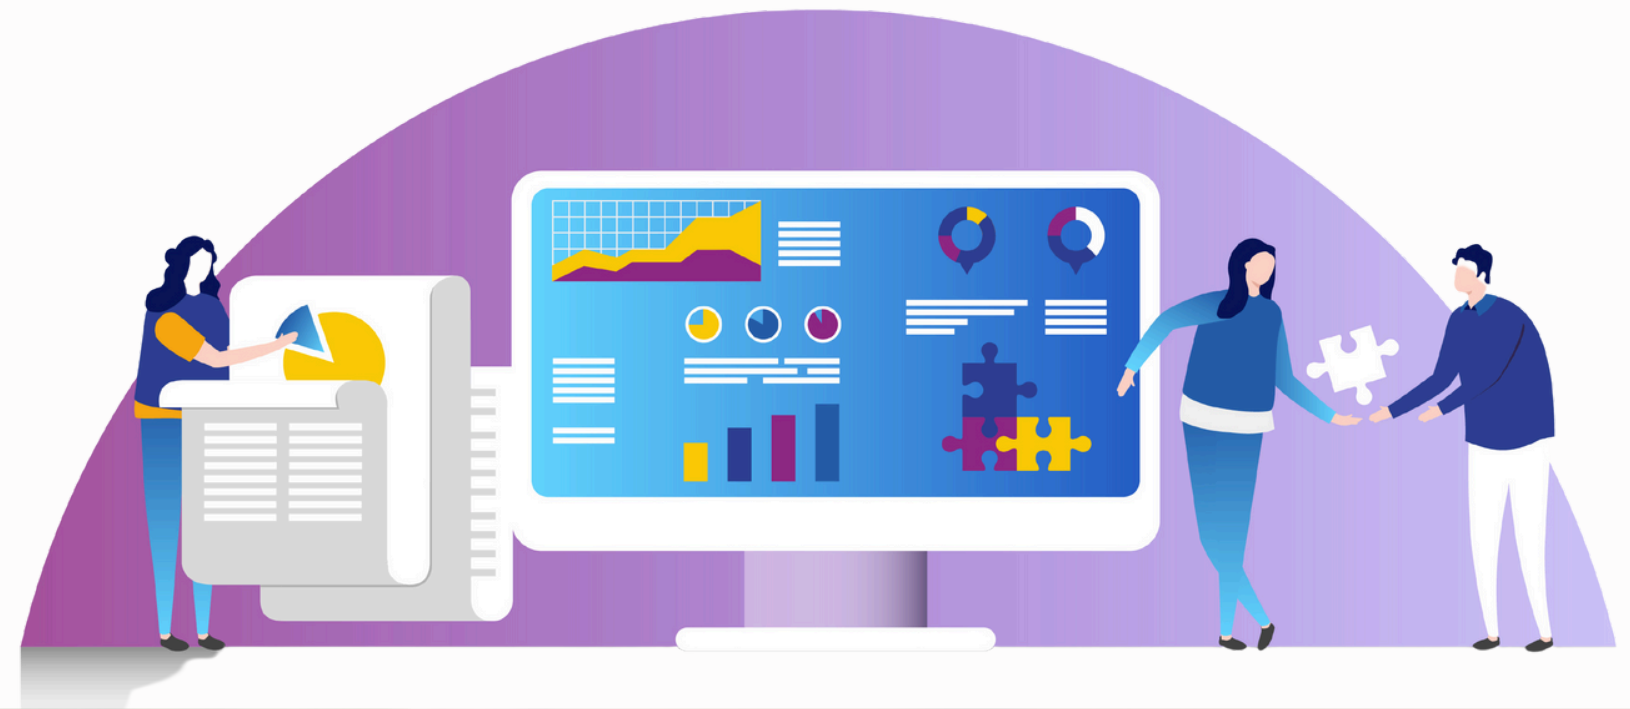

Salvatore Leone

EFCCA Chairman

The Objective:

From unmet
needs to
solutions

DIVA

The Objective: From unmet needs to solutions

Addressed questions

- How can we make use of the already existing database?
- How can we cooperate with HCP, researchers and industry to achieve these goals?
- How can patient share informed /evidence-based viewpoints on:
 - Current clinical trials
 - Clinical practices
 - Current and future treatments

The Objective: From unmet needs to solutions

Addressed questions

- Can the patient perspective make the difference?
- How can we work together to change our mindset?
- **How can the IBD patient community contribute to the EU Strategy on health?**
